What did you like the most about the course?

Comments

The professor definitely made it easier to understand the abstract concepts, no pun intended.

Group theory is present everywhere and is extremely important. Professor Ayman made it fun and covered alot of content.

Amazing course and an amazing professor!

I loved the professor's enthusiasm of the subject.

Suggest specific improvements to the course, if any.

Comments

Overall excellent course.

I loved the course overall, just a small recommendation would be for the professor to be a little bit more organised as sometimes i tended to get confused.
