1	Best Math proffessor in AUS ... genius is little word to say about Ayman Badawi!!
2	for me, there is nothing,, =D
3	What I love most about Dr Ayman Badawi is how he simplifies and provides a clear understanding to any subject that is comlicated. His notes are more than enough to understand any course's material. I wish he can give more courses so I have the chance to take a class with him again. He is honestly one of the best professors at AUS.
4	he likes to talk about math more than solving problems to enhance our understanding and it is better if he orginize the boerd when writing instead of writing everywhere
5	Awesome teaching, but please get lesser angry.
